

## **Roxboro National School** CRITICAL INCIDENT POLICY

Roxboro N.S. aims to protect the well being of its students and staff by providing a safe and nurturing environment at all times.

Roxboro N.S has taken a number of measures to create a coping, supportive and caring ethos in the school. The school has also formulated a number of policies and procedures to be followed with a view to ensuring the physical and psychological safety of staff and students, both in ordinary time and in the event of a critical incident.

The Board of Management has developed this Critical Incident Management Policy and accompanying Plan.

Our aim is to establish a Critical Incident Management Team (CIMT) to steer the development and implementation of the Critical Incident Management Plan.

#### What is a Critical Incident?

Roxboro N.S. recognises a critical incident to be "an incident or sequence of events that overwhelms the normal coping mechanism of the school and disrupts the running of the school". Critical incidents may involve one or more pupils, staff, the school, or our local community. Types of incidents might include:

- The death of a member of the school community through sudden death, accident, terminal illness or suicide
- An intrusion into the school
- An accident/tragedy in the wider school community
- Serious damage to the school building through fire, flood, vandalism, etc
- The disappearance of a member of the school community
- An accident involving members of the school community
- A pandemic

## Aim

The aim of the CIMP is to help school management and staff to react quickly and effectively in the event of an incident, to enable us to maintain a sense of control and to ensure that appropriate support is offered to students and staff. Having a good plan should also help ensure that the impact on students and staff will be limited. It should also enable us to achieve a return to normality as soon as possible.

Creation of a coping supportive and caring ethos in the school

<sup>&</sup>lt;sup>1</sup> Source: Responding to Critical Incidents in Schools – National Educational Psychological Services NEPS.

We have put systems in place to help to build resilience in both staff and students thus preparing them to cope with a range of life events. These include measure to address both the physical and psychological safety of both staff and students.

## Physical safety:

Key aspects of our concern for the physical safety of everyone in school are to be found in other policies and procedures such as:

- Covid-19 Response Plan and Risk Assessment
- Health and Safety Statement
- Code of Behaviour
- Anti-Bullying Policy
- S.P.H.E. Programme
- Child Protection Policy
- Evacuation plan
- Fire Safety
- Supervision Policy

## **Psychological safety**

Roxboro N.S. aims to create an open and encouraging environment in the school where students can talk about their difficulties and seek help for same, as in:

- SPHE programme addresses issues such as grief and loss, communication skills, stress and anger management, conflict management, problem solving, help-seeking, decision making, and alcohol and drug prevention.
- Wellbeing programmes
- Code of Behaviour
- Anti-Bullying Policy
- Staff are informed of difficulties affecting individual students and are aware and vigilant to their needs.
- Staff have access to training, books and resources on difficulties affecting the primary school child.
- Staff are familiar with the Child Safeguarding Procedures and the name of the Designated Liaison Person. Students who are identified as being at risk are referred to the designated staff member.
- Inputs to students by external providers are carefully considered in the light of criteria about student safety, the appropriateness of the content, and the expertise of the providers. See DES Circular 0022/2010
- The school has developed links with outside agencies, which may be contacted in the event of an emergency and for onward referral of students, e.g. Parish Clergy, H.S.E., N.E.P.S., D.E.S., TUSLA
- Staff are informed about how to access support for themselves.

#### **Critical Incident Management Team**

The school has a responsibility to protect the privacy and good name of the people involved in any incident and will to be sensitive to the consequences of any public statements. The members of the school staff will bear this in mind, and will seek to ensure that pupils do so also. [For instance, the term 'suicide' will not be used without the consent of the family involved or until it has been established categorically that the person's death was a result of suicide. The phrases 'tragic death' or 'sudden death' may be used instead. Similarly the word 'murder' should not be used until it is legally established that a murder was committed. The term 'violent death' may be used instead.]

## Development and communication of this policy and plan

All staff were consulted and their views canvassed in the preparation of this plan. Parent representatives were also consulted and asked for their comments. Our school's final policy and procedures in relation to responding to critical incidents has been presented to all staff.

Each member of the critical incident team has access to a copy of this plan. All new and temporary staff will be informed of the details of the plan by the team leaders and the plan will be updated annually.

## SAMPLE LETTER TO PARENTS/GUARDIANS – SUDDEN DEATH/ACCIDENT

(copy & edit to official school headed paper etc)

Dear Parent/Guardian,

The school has experienced (the sudden death, accidental injury, etc.) of one of our students. We are deeply saddened by the deaths/events.

Our thoughts and prayers are with (Family name)

(Brief details of the incident, and in the event of a death, perhaps some positive remembrances of the person lost)

We have support structures in place to help your child cope with this tragedy. (Elaborate)

It is possible that your child may have some feelings that he/she may like to discuss with you. It is important to give truthful information that is age appropriate

You can help your child by taking time to listen and encouraging them to express their feelings. All children are different and will express their feelings in different ways. It is not uncommon for children to have difficulty concentrating or be fearful anxious or irritable. They may become withdrawn, cry, complain of physical aches and pains, have difficulty sleeping or have nightmares. Some may not want to eat. These are generally short-term reactions. Over the course of the coming days, please keep an eye on your child and allow him/her express their feelings without criticism.

Although classes will continue as usual, I anticipate that the next few days will be difficult for everyone.

## (Optional)

An information night for parents/guardians is planned for (date, time and place). At that time further information about how to help children in grief will be given.

We have enclosed some information which you may find useful in helping your child through this difficult time.

Young people frequently turn to social media to see what others are saying, or to find out more. At these times it is important that you monitor their use and engage with them about what they have read. We urge you to emphasise and reinforce the need to be extremely

sensitive about what they post.
If you would like advice you may contact the following people at the scho

## SAMPLE LETTER TO PARENTS/GUARDIANS – VIOLENT DEATH

(copy & edit to official school headed paper etc)

Dear Parent/ Guardian,

I wish to inform you about a very sad event that has happened.

A child/young from the neighbourhood, the sister/brother of ( ), a student here in the school, was killed as a result of (a violent attack, violent incident in the street etc.) (earlier this week). We are all profoundly saddened by his/her death.

We have shared this information and had discussions with all of the children so they know what has happened. School staff members have been available for the children on an ongoing basis today. Other support personnel (*including psychologists etc, according to actual arrangements*) are available to advise staff in support of the children.

The death of any young person is tragic, but a violent death is even more difficult. It is hard to have to teach our children about the violence in our world and to accept that sometimes we do not have the power to prevent it.

This death may cause a variety of reactions in your child. Some children/young people may be afraid for their own life and for the lives of those they love. Take time to listen to their fears and reassure them that what has happened is rare.

We have enclosed additional information that may be useful during this time (of appropriate resources in Section 11 of 'Responding to critical Incidents – NEPS Guidelines and Resource Materials for Schools')

The media are in the vicinity of the school and may approach you or your children. You need not respond to their questions if you are approached. We will not allow the media to interview your child at school and our general advice is that you should not let your children be interviewed. They are not mature enough to judge what to say and may say something they will regret later.

In these times, young people tend to turn to social media to see what others are saying, or to find out more. While social media can be of great consolation, we would urge you to reinforce the need to be extremely sensitive about what your son/daughter might post to others.

Our thoughts and prayers are with (family name) and with each of you.
Yours sincerely,
Gillian McBride
